Agenda planning in advance

Real time voice to text transcription in 20+ languages

Captured and documented actionable items – now with voice commands

The screenshot displays a meeting interface with a grid of six participants. A settings overlay for 'isLucid' is visible on the right side. The settings menu includes a 'Settings' header with 'Save for all' and 'Save' buttons. Under 'Language settings', there is a 'Language of transcription' dropdown menu currently set to 'English', and a 'Dialect' dropdown menu currently set to 'American English'. Below these are sections for 'Advanced settings' and 'Select integrations'. A blue callout bubble on the right side of the settings overlay contains the text: 'Choose from more than 20 languages and dialects'. The background of the interface features a decorative pattern of green and blue circles and lines.

Never miss any details
